

A bride and groom are shown in profile, kissing. The bride is wearing a white dress and holding a large bouquet of flowers with red, orange, and pink roses and greenery. The groom is wearing a green suit jacket with a boutonniere. They are surrounded by a large, diverse crowd of guests who are cheering and waving their hands. The scene is set outdoors, likely at a wedding venue.

After the ceremony guests head down to our snug bar or to our North woodside bar for a glass of fizz. WEDDING MEAL

We have several dining options depending on what sort of day you have decided on. The room will be set-up with our rustic trestle tables and your centrepieces along with any other decoration you'd like to provide.

After the wedding meal we will ask your guests to head back downstairs so that we can turn the room around for your evening reception. At this time your band or DJ would set-up and sound check, and we will move the tables to make room for the dance floor. This is a great time to get a group photo with your guests.
